PROJECT DESCRIPTION AND TIMELINES

Background

- In 2010, the Ministry of Tourism, Culture and Sport supported the establishment of 13 tourism regions to further advance the competitiveness of Ontario's tourism sector. This was a key recommendation from the 2009 Tourism Competitiveness Study.
- Each region is led by a Regional Tourism Organization (RTO) that provides leadership, strategic coordination and delivery of tourism activities at a regional level. RTOs are in place to enhance the economic impact of the tourism sector by leveraging partnerships and collaboration across industry.

Project Objective

- RTOs are active participants in the regions and are responsible for:
 - Undertaking research to identify strengths, gaps and opportunities to inform regional activities and decisions;
 - Developing and delivering marketing campaigns;
 - Offering training to tourism operators and stakeholders (e.g., frontline customer service training, utilizing technology and social media, etc.);
 - Attracting new, and retaining existing, tourism investments; and,
 - Undertaking activities to create tourism assets that benefit the region such as creating product inventories, signage/way-finding, offering visitor itinerary customization capabilities, and providing regional booking engines.
- RTOs are responsible for working with industry partners to grow tourism through activities such as strategic planning, research, product development, workforce development, investment attraction and marketing.
- The Ministry strongly encourages RTOs to work with all tourism partners including other regions, sector-based organizations, municipalities and other organizations on matters of mutual interest. Strong partnerships and a coordinated approach are vital to the future sustainability of tourism across the province.
